Assassin Flees After Shooting

Shocked Nation Mourns Death of Kennedy

BY THE ASSOCIATED PRESS

The nation reeled in stunned disbelief Friday at the news that President Kennedy had been shot and killed by an assassin. Business came to a near standstill from coast to coast.

Is it true? a New York judge asked.

How did it happen? was

LBJ was sworn in at Love Field

While Oswald was being transferred to another jail...

- Jack Ruby, a Dallas nightclub owner, shoots Oswald on live TV.

Ruby is convicted of Oswald's murder, but dies in prison of lung cancer.

He never explained why he killed Oswald, but always insisted that he was not a part of any JFK conspiracy.

Case Closed?

- Oswald fired 3 shots (missed the first one)
- The assassination was filmed (Zapruder)
- The government investigated the murder for years and concluded that Oswald acted alone.
- Virtually no witness at that time gave indication that more than 3 shots were fired at Kennedy.
- **However. . . .**

And Yet, 80% of people today believe JFK was killed by someone else!!!!

Let's keep in mind:

- Many people thought Elvis was alive for decades after his death.
- Many people think Tupac Shakur is alive.
- Many people think that NASA never landed on the moon.

Conspiracy Question #1

Could Oswald have made those shots?

- Oswald was a sharpshooter trained by the US Marines.
- He scored a 212 out of 250 on a 200 yard shooting range.
- JFK's car was only 50 yards away from the sniper's nest and moved 10mph

The background of the slide features a pattern of stylized autumn leaves in various shades of orange and brown, set against a darker orange gradient background. The leaves are scattered across the frame, with some showing prominent veins.

Conspiracy Question #2

Was Kennedy shot from the front?

Arthur Rickerby / Black Star / PNI

Back and to the left?

- Many assume based on JFK's bodily motion and blood spray that he was shot from the front. This would require a second shooter...

No witnesses reported gunshots that day!

All witnesses that day described shots from where Oswald was

Oswald

According to the autopsy, Kennedy was hit in the back and the bullet exited through his throat. (Again, not shot from the front.)

- Likewise, JFK was hit in the back of the head, not the front.
